

Deloitte Coach Business Champions Programme

What it is?

As a coach you have access to a variety of sport-specific development and CPD, but do you have all the business knowledge you need to be even more successful in your field and make a real impact in your community?

The Deloitte Coach Business Champions Programme provides you with the opportunity to experience bespoke, individualised support around your business skills. As an extension of the LTA Coach Mentoring programme, your Deloitte Champion will listen to your business goals and help explore how you can take action in order to meet them.

How does the programme work and what is expected?

You can have a minimum of 6 x 1 hour mentoring sessions with your Deloitte Coach Business Champion.

You and your mentor will collaborate to decide how to run your sessions during the programme, and the format best suited for you both. You may want to keep them informal, or you may opt to provide agenda points before your meetings to help structure the conversations.

To learn more about what to expect from the mentoring process, visit the LTA Coach Mentoring webpage [here](#), or our guidance document on 1-2-1 mentoring [here](#).

How much will it cost?

The programme is sponsored through the LTA and Deloitte's partnership so there is no payment required from you to sign-up to, and complete, the programme.

How do I apply?

To register for a Deloitte Coach Business Champion, please complete the registration form [here](#).

What happens next?

Once your registration form has been received, the Deloitte team will review your goals and match you with a Champion who has the best background to support you. You will then be provided with a short biography of their background, and your Champion will send you an introductory email to arrange your first mentoring session.

If you have any questions regarding the programme, please contact the Deloitte team [here](#).

Can I gain CPD credits for this mentoring?

Aligning with the LTA Coach Mentoring programme, you can apply for CPD credits through [LTA Independent Learning](#), selecting LTA Coach Mentoring, Deloitte Coach Business Champion and typing the name of your mentor. The processing of your Independent Learning application can take up to 4 days.
