INTRODUCTION

We believe that the LTA is a great place to work and know that a good work life balance is important for us all.

We want to ensure your well-being is provided for, alongside the opportunity for a long, happy, and rewarding career. This has led to a huge number of our colleagues staying with us for many years who have actively used, been rewarded, or taken part in many of the benefits and perks we tell you about in this handbook.

More detailed information on these benefits can be found on the LTA's intranet, First Serve. If you would like to discuss any of these benefits in more detail please contact: people@lta.org.uk

Please note that benefits marked with an asterisk (*) are not available to all colleagues.

SUMMARY OF BENEFITS

LIFE ASSURANCE*

From your first day of employment, you will be covered for Life Assurance provided by Canada Life. In the unfortunate event that you pass away during your employment, a lump sum payment will be made to your nominated beneficiary. Your contract of employment will detail the level of your life assurance cover.

You should complete a Life Assurance Beneficiary form to nominate the beneficiary of your Life Assurance benefit. You are encouraged to review your beneficiary information regularly and update as need be throughout your employment.

Completed Life Assurance Beneficiary forms should be returned to: people@lta.org.uk

PENSION

The LTA operate a Group Personal Pension Plan through Standard Life.

Auto Enrolment

You will be auto enrolled into the net contribution pension scheme in your second month of service if you meet the qualifying criteria. You will contribute 3% of your net salary (e.g., your salary after tax and NI deductions) and the LTA will pay a further 5% into your pension each month.

Following auto-enrolment you will need to decide whether to:

- A. Stay in the net contribution pension scheme or switch to the salary sacrifice pension scheme
- B. Increase your personal pension contributions
- C. Opt out of the pension scheme altogether

The table below highlights what the LTA will contribute to your pension if you contribute at certain levels:

Employee:	Employer:
3%	5%
5%	7%
7%	10%

SALARY SACRIFICE PENSIONS

If you opt for the salary sacrifice pension scheme you are sacrificing part of your salary equivalent to the pension contribution you would personally like to make. In return the LTA will pay the sacrificed salary amount to the pension provider directly along with their own contributions.

As your salary has been reduced by the same amount you would like to personally pay into your pension pot, you will pay less tax and National Insurance contributions (NIC's). The LTA also pay less employer NIC's on the reduced salary amount. 50% of these savings are paid into your pension pot. The result of being in this scheme is that you will have more savings in your pension pot than you would have if you were in the net contribution pension scheme.

Salary Sacrifice Example

Adam earns £24,000 per annum and chooses to contribute 3% of his salary into his pension. The LTA will contribute a further 5% of his salary into his pension.

	Net Contribution Pension Scheme	Salary Sacrificed Pension Scheme
Salary	£24,000	£23,280
Employee pension contribution	£720 (3% of £24,000)	£0
Employer pension contribution	£1,200 (5% of £24,000)	£1,920 (8% of £24,000 - 3% of the salary that has been sacrificed plus 5% employer contributions)
50% employer NIC savings	£0	£49.68
Total pension pot	£1,920	£1,969.68

Importantly, in the salary sacrifice example Adam will only pay tax and NICs on a salary of £23,280 per annum as opposed to £24,000 per annum therefore increasing his take home pay.

SALARY SACRIFICE THINGS TO BE AWARE OF...

State Benefits

Entitlement to some state benefits such as Statutory Maternity Pay and a second state pension may be affected if your sacrificed salary falls below the level at which you pay NICs.

Student Loans

Salary sacrifice arrangements may decrease the monthly repayments on a student loan or may take you below the income threshold to make repayments.

LTA Guarantee

If you enter into a pension salary sacrifice agreement you will continue to be covered at the pre-sacrificed salary for Life Assurance cover, pay reviews and bonus.

References

Referees will be provided with details of the pre-sacrificed salary when responding to rental/mortgage references so as not to detriment colleagues.

Pension Beneficiaries

Your pension can be passed to a beneficiary in the unfortunate event that you pass away during your employment with us. You can nominate a beneficiary directly with Standard Life by emailing: service_gp@standard.com or alternatively you can update this information via the **Standard Life app**.

PRIVATE HEALTHCARE*

You will be eligible to join our private healthcare insurance scheme from your start date. Membership is not automatic; you specifically must sign up to become a member.

The scheme is provided by Vitality. The LTA will pay for single cover (without dental, audiological and optical). If you join you will be liable to pay tax on the annual cost, we pay for this benefit. The tax will be incorporated in your monthly tax deductions via payroll.

Example:

If the annual cost of the private healthcare insurance is £500 per annum and you were on a 20% tax band, you would pay circa £100 a year in tax for this benefit. Please note amounts can vary depending on negotiated premiums for cover and on tax bands applied on an individual basis.

Upgrading your private healthcare:

You can add additional family members or upgrade your private healthcare policy to include dental, audiological and optical cover at your own cost. Deductions for the costs of any upgrade will be made via the monthly payroll.
