# WHAT IS THE NATIONAL LEAGUE?

This is a team competition for all LTA registered venues taking place throughout the winter months. Team competition is a great way for players to play tennis in a fun, sociable and competitive environment. There is a strong desire for more team competition, and this league is to complement already existing county leagues or to fill gaps within the competition calendar.

There is an element of flexibility within each county. Please refer to the LTA National League webpage for further information on which events are taking place in your area and when your league is taking place, as this will depend which age groups players can compete in.

## ELIGIBILITY & EVENTS

A player may represent one venue in the winter competition. Please check your county entry information page to find out when your league is taking place.

If your league is running from September to December, the 2022 Competition Age Groups will apply:
