Eligibility – Players

- 1.3 All players must be members of the Club they are playing for. No player, having played for one Club in either the Senior (previously known as 'Vets') League or the Open (previously known as Chiltern) League shall be qualified to play for another club in the same League during the same season without the prior permission of the League Committee and both clubs. The player concerned shall inform not only the League Committee of this request but also the Secretary of each club concerned to confirm the player's intention. A player may represent one club in the Mixed division and another club in the ladies or men's division.
- 1.4 Where a club enters more than one team, no player having played in any higher team more than once shall be allowed to play in any lower team during the season.
- 1.5 All players are strongly encouraged to be British Tennis Members and to ensure that their club or South Wales venue, in the case of a multi-centre chain, is listed as their designated Place to Play.
- 1.6 If an ineligible player takes part in any match the match will be deemed as conceded by the team with the ineligible player.
- 1.7
 - (1) Current (Open) International and County players and those players that have been invited to represent their County either last year or during this year's competition are expected to play for their Club's 1st team unless the strength of other players dictates otherwise.
 - (2) Regular team players and highly-rated players are not allowed to play in teams lower than would normally be expected unless otherwise permitted by the League Committee in advance. Players are not permitted to 'play down'.
 - (3) If Regular team players are invited to play representative matches for South Wales or Wales then their team may request the postponement of any pre-arranged league match scheduled for the same date. Such request must be made in writing at least 14 days prior to the scheduled date to the League Committee.
 - (4) Regular team players who have been away or injured or otherwise not playing are not allowed to return and play in lower teams than would normally be expected unless otherwise permitted by the League Committee in advance.
- 1.8 Players will be deemed to be seniors/veterans if they are aged 45 for men and 40 for women by 1st September in the year in which the league starts.

League Structure

- 2.1 The Leagues will be administered by the League Committee. All communications shall be made through the Tennis Wales office unless otherwise advised. The League Referee shall be the contact for questions and disputes regarding the running/playing of matches in the league.
The League Committee shall format each division based upon the previous year's final league tables, the pursuant rules and the current year's entries.
The League Committee reserves the right to promote and/or regularise the number of teams in each division as required to create a balanced league structure.
- 2.2 The Clubs in all Divisions will play each other on a home and away basis unless a shortage or surplus of entrants dictates otherwise. Divisions thus formed may require teams to play each other on a Home or Away basis.
- 2.3 Clubs may have a maximum of two teams in any one Division. In this instance no exchange of players between the two teams will be permitted.

Schedule of Matches

- 3.1 All matches shall be completed in accordance with the schedules laid down by the League Committee.
- 3.2 The dates and times of all matches shall be determined by the home club, which will submit a complete list of such matches to Tennis Wales by the date specified by the League Committee. Where the away team believes that there is a compelling reason preventing it from fulfilling the fixture on the selected date or at the selected time, it may appeal within 10 days to the Tennis Wales office; the League Committee will consider the matter and its decision shall be final.
- 3.3 The dates thus agreed upon shall be strictly adhered to and no match shall be postponed for any reason except bad weather or the unfit condition of the courts unless sanctioned by the League Committee and confirmed in writing by both clubs.
- 3.4 All matches should be completed within 14 days of the end of the fixture list relevant to the Division concerned.
- 3.5 A club not completing its matches within the specified fixture period shall be awarded 0 points for matches not played.
- 3.6 Any team conceding TWO or more of its fixtures will be withdrawn from the League and all results of matches played by the team will be declared null and void. The players will however still be subject to rules 1.3, 1.4 and 1.7 (2).
Any such team seeking to enter in the following year shall be demoted two divisions below its current position.

Match Format

- 4.1 A team shall consist of four players (two pairs). No substitution is allowed.
A match will be deemed to be conceded if a team is unable to field two pairs.
- 4.2 Each match will be played over 2 rounds,
The fixed draw is as follows,
Round 1 1 v 2 2 v 1
Round 2 1 v 1 2 v 2
- 4.3 The team captains will submit their 2 pairs in order of merit before the match commences.
- 4.4 There will be a regular tie-break at 6-6, but the third set will be replaced by a professional tiebreak.
Professional tie-breaks are to be the first to ten points with a two point advantage. This will be shown on results cards as 1-0 or 0-1 (e.g. 6-4 3-6 1-0) and will be counted as one set and one game when the cards are totalled at the end of the match.
- 4.5 An evening match shall be one scheduled to start at 6.00pm or later. A minimum of 3 hours shall be allowed for the completion of the match. The time of cessation of play for an evening match shall be at sunset or when floodlights have to be extinguished in accordance with Planning Regulations.

Scoring System

- 5.1 Each team will receive 4 points for a match that is played and completed. The team winning the match will receive 4 points and the losing team will receive 0 points, so the winner of each completed match will receive a total of 8 points and the losing team 4 points. Where the events are shared 2-2, the winner of the match will be determined by reference to the number of sets won. If the number of sets won is the same, then the winner of the match will be determined by reference to the number of games won. If the number of games won is the same, the match is a draw and each team will receive 2 points, making a total of 6 points each. A team losing a match where events are shared at 2-2 will be awarded a bonus point.
- 5.2 In the event of a match being conceded, the Club in default shall have no points but the intended opponents shall receive 8 points, 4 events, 8 sets and 48 games.

Postponed Matches

- 6.1 The home team must contact the visiting team in the event of it being found necessary to postpone the match due to bad weather or the unfit condition of the courts. It is the obligation of the visiting team to advise the home team of the telephone number of the official responsible for the team and the latest time by which that official must be contacted to stop the visiting team travelling.
- 6.2 Postponed matches must be played within 21 days. Within 5 days of the date of the original match the home team must offer the opposition 2 dates within this period. If the home team does not offer dates for a re-match within 5 days the away team should contact Mark within 10 days. If the away team do not respond to the dates offered then the home team should contact Mark stating the dates offered. If a date for the re-match cannot be agreed upon, then both should contact Mark and the League committee will adjudicate.
- 6.3 An extension to the period within which postponed matches must be played may only be sanctioned by the League Committee if requested within the 21day period.

Abandoned Matches

In these circumstances, only the events, sets and games completed will count. Where an insufficient number of events has been completed to achieve a result, the whole match is to be replayed at the same venue within 21 days. In these circumstances, within 5 days of the date of the original match the home team must offer the opposition 2 dates within this period. The dates offered and the agreed date for the re-match are to be submitted by email by both parties to Mark at Tennis Wales within 7 days. The home team must amend the agreed date for the re-arranged fixture on the on-line League Planner system.
- 7.2 An extension to the period within which abandoned matches must be played may only be sanctioned by the League Committee if requested within the 21 day period.
